ENERVON HP CHOCOLATE POWDER LABEL TEXT

Enervon HP Chocolate Powder is a nutritionally balanced milk-based product for adults. It is a source of protein to help build muscle mass. It contains Energy Boosters - B-complex vitamins (Vitamins B₁, B₂, B₆, B₁₂, Niacinamide and Calcium Pantothenate) to help optimize energy production that the body can utilize for numerous physiologic processes. It has Pro-Bone Nutrients – Calcium, Vitamin D and Phosphorus which help reduce the risk of osteoporosis later in life. It also contains the antioxidant vitamins A and C which together help the body's natural defense against free radicals and help boost immune function.

Enervon HP Chocolate Powder is formulated with vitamins and minerals which together help maintain normal growth and division of cells essential for general good health.
